

Eau de Soin de la Mer Morte.

An original concept of the Salin de Biosel brand,
always in search of harmony between East and West.

Well-known and used for millennia, the unpolluted water of this enormous lake, which is 400 metres below sea level, contains the highest concentration of salts, rich in precious minerals and oligo-elements – specially Magnesium and Potassium. Its extraordinary composition has gained worldwide recognition for its therapeutic properties: it heals skin imperfections by restoring its balance, re-mineralizes the skin, diminishes muscular tension, relieves joint aches, drains water retention and quickly reduces stress.

Eau de Soin de la Mer Morte. Salin de Biosel has selected the most precious thermal bath water – that of the Dead Sea – and made it dynamic by adding a sophisticated Chrono-Energetic Mineral Complex (Copper, Magnesium and Zinc), which is further enriched with a Bioséquentielle Formula that contains Ginseng root, Bamboo bark, Aloe leaf and Lavender flower.

The result is the extraordinary natural synergy of Eau de Soin de la Mer Morte, which restores the skin's balance, combats stress, enhances its dynamism, and protects the face and body against pollutants and harmful environmental elements. It re-energizes tired and stressed skin and maintains its freshness and elasticity. Soon after the first application.

SALIN de BIOSEL
Nourrit la Beauté et la Santé de la Peau

Everything you find in **SALIN de BIOSEL's** products

Bioséquentielle. A Living Formula.

Bioséquentielle is Christian Colotte's idea that manages to reproduce the ascending movement of the plant world. Thanks to this extraordinary formula, all Salin de Biosel cosmetic products contain extracts from roots, bark, leaves and flowers that have different, yet complementary nourishing properties. The phytotherapeutic selection of extracts and the sequence in which they are introduced are the true secrets of the Bioséquentielle formula. It provides the skin with sensorial stimulants of total well-being and a natural concentration of vitality and energy to the face and body.

Our commitment

Salin de Biosel's products are made by rigorously selecting natural ingredients in order to guarantee the best quality and verify their origin. On this basis we can affirm that Salin de Biosel does not use genetically modified organisms (GMOs), animal-derived or animal-tested ingredients, substances derived from petroleum or synthetic materials, mineral oils, paraben or artificial colouring. We are firmly committed to offering consumers products that are constantly being improved, both in terms of their naturalness and safety.

East meets West. On your body.

Another fundamental element of Salin de Biosel's philosophy is Oriental bioenergetics: the balance between Yin and Yang, the two opposing, yet complementary energy forces create harmony within the universe and the individual and has an equally powerful effect on the skin. Yin calms the energy surplus in skin functions while Yang compensates for energy deficits. With their own unique and precise energetic identity, every Salin de Biosel product restores the original balance of the skin, providing it with intense vitality and new radiance.

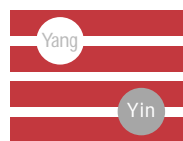

Eau de Soin de la Mer Morte.

The extraordinary properties of Dead Sea salts are enriched and dynamically-enhanced thanks to the Bioséquentielle formula and its energetic action.

BIOSEQUENTIELLE ACTION

This precious formula uses the amino-acids found in Ginseng to accelerate osmotic exchanges and enhance the dynamism of cellular vitality, which in turn allows the Silicium found in Bamboo bark to moisturize fibres and increase their elasticity. Aloe leaves, being rich in polysaccharide, diminish surface skin imperfections. Lavender flowers, which gain dynamism with a pH solution, calibrate cellular exchanges and maintain the skin's balance.

ENERGETIC ACTION

The neutral energetic action is obtained from a combination of Dead Sea Salts and the *Chrono-Energetic Mineral Complex. This extraordinary mineral synergy, composed of Magnesium (an anti-stress agent and potent Yin and Yang conductor), Zinc (an anti-oxidant and bio-catalyst of the skin's enzyme reactions) and Copper (with regenerating and purifying properties) revitalizes Wei Qi (a protective energy in Oriental bioenergetics) in order to strengthen the skin's natural defences.

Eau de Soin de la Mer Morte.

A pH acid tonic with skin-balancing, anti-stress and dynamism-enhancing properties for the face and body. Revitalizes stressed skin while nourishing and protecting it against harmful environmental elements.

INDICATIONS

Recommended for all skin immune system dysfunctions; skin that has been exposed to pollutants and stressful conditions; before and after exposure to sunlight and during physical exercise in order to restore minerals or simply to maintain the youth of surface skin.

APPLICATION

Pocket-size spray container for application on face and body several times a day, in order to quickly restore the skin's balance and heal imperfections, soon after the first application. For specific cases of skin blemishes, your beautician can personalize Eau de Soin de la Mer Morte with a complementary preparation that can meet your particular needs.

BIOSEQUENTIELLE FORMULA

Flower Lavender. Restores fibres' balance in order to diminish their excitability; reduces tension and stress. Regenerates and protects the skin against environmental harm, diminishes excessive wrinkles and heals surface skin imperfections.

Leaf Aloe. Potent energetic purifier, rich in polysaccharide, that diminishes irritations, hypersensitivity and tension; heals and strengthens the skin's immune system and slows down the skin's ageing process.

Bark Bamboo. Re-mineralizes the skin and encourages Collagen synthesis; revitalizes support fibres, slows down the ageing of skin tissue and eliminates free-radicals.

Root Ginseng. Accelerates the exchange between Yin and Yang energy to combat fatigue, revitalize the skin and enhance its dynamism. Activates the 5 skin functions for better protection and slows down the production of free-radicals for a noticeable anti-ageing effect.

COMPLEMENTARY INGREDIENTS

Mint. Its soothing action first eliminates stress and tension and then has a toning and dynamism-enhancing effect on skin fibres.

Dead Sea Salts. Reduce tension, improve energy circulation, purify the skin and heal imperfections; reinforce the skin's natural defences.

Chrono-Energetic Mineral Complex. Dynamic mineral synergy that improves the energetic system of skin cells, maintains a balanced metabolism that prevents the production of free-radicals and revitalizes skin that suffers from fatigue and stress. Made with Copper, Magnesium and Zinc.
