

Thalassa Oils and Sels de la Mer Morte.
A luxury and pleasure that Salin de Biosel's Spa Performance line brings to you. Apply it every day, as often as you wish.

You can bathe in water rich in Dead Sea salts, in the comfort of your own bath while your skin is being re-mineralised and purified. You can also enjoy the benefits of our new three Thalassa oils by massaging them over your entire body; by diluting them in your bath water when you wish to have a hydrotherapy, until the water turns into an opal, milky solution, rich in dynamism-enhancing and slimming essential oils (Bio Yang Thalassa) for a firming and anti-stress effect (Bio Yin Thalassa) or a draining and tension-reducing action (Draine Huile Thalassa).

SALIN de BIOSEL
Nourrit la Beauté et la Santé de la Peau

Everything you find in **SALIN de BIOSEL's** products

Bioséquentielle. A Living Formula.

Bioséquentielle is Christian Colotte's idea that manages to reproduce the ascending movement of the plant world. Thanks to this extraordinary formula, all Salin de Biosel cosmetic products contain extracts from roots, bark, leaves and flowers that have different, yet complementary nourishing properties. The phytotherapeutic selection of extracts and the sequence in which they are introduced are the true secrets of the Bioséquentielle formula. It provides the skin with sensorial stimulants of total well-being and a natural concentration of vitality and energy to the face and body.

East meets West. On your body.

Another fundamental element of Salin de Biosel's philosophy is Oriental bioenergetics: the balance between Yin and Yang, the two opposing, yet complementary energy forces create harmony within the universe and the individual and has an equally powerful effect on the skin. Yin calms the energy surplus in skin functions while Yang compensates for energy deficits. With their own unique and precise energetic identity, every Salin de Biosel product restores the original balance of the skin, providing it with intense vitality and new radiance.

Our commitment

Salin de Biosel's products are made by rigorously selecting natural ingredients in order to guarantee the best quality and verify their origin. On this basis we can affirm that Salin de Biosel does not use genetically modified organisms (GMOs), animal-derived or animal-tested ingredients, substances derived from petroleum or synthetic materials, mineral oils, paraben or artificial colouring. We are firmly committed to offering consumers products that are constantly being improved, both in terms of their naturalness and safety.

Skin care products and application concepts for the beauty of the skin, the wellbeing of the body and harmony of the spirit.

Bio Yin Thalassa

Anti-stress Yin vegetable oil. Toning and softening agent for the skin that reduces excess heat. Recommended for body massage and hydrotherapy

BIOSEQUENTIELLE ACTION

This formula has a toning and astringent effect that stimulates fibres and firms up body tissue. By diminishing the intensity of peripheral and energetic circulation, it also has a pleasant anti-stress effect. Its aromatic synergy reduces tension and tones fibres.

ENERGETIC ACTION

This combination of selected active Yin plants restores a uniform colour to the skin and noticeably diminishes excess Yang heat and redness. Its energetic balance-restoring action quickly reduces excessive tension due to prolonged and stressful physical activity.

APPLICATION

Apply daily by massaging the entire body, leaving a delicate thin layer of nourishing and energizing vegetable oil on the skin. For a special and pleasant balance-restoring spa treatment, apply it several times a week by diluting the oil and Bio Sels Mer Morte in bath water (37°). For best results, the bath water should look milky when the oil is diluted. After a 20-minute hydrotherapy, do not rinse so that your skin absorbs the essential oils that will reenergize your body.

BIOSEQUENTIELLE FORMULA

Flower St. John's Wort. Reduces tension and stress; facilitates draining and relieves aching muscles; heals imperfections and moisturizes the skin's surface layers.

Leaf Mint. Reprograms support fibres' toning memory. Its soothing action first eliminates stress and tension and then has a toning and dynamism-enhancing effect on skin fibres.

Bark Horse Chestnut. Its toning and astringent properties allow skin fibres to reprogram their energetic memory and restore long-lasting firmness for a compact look of body tissue.

Root Ratanhia. Facilitates the reduction of tension, diminishes superficial imperfections and signs of aging. Maintains the firmness and compactness of skin tissue, which noticeably improves the skin's elasticity and moisture.

COMPLEMENTARY INGREDIENTS

Rice Oil. Moisturizes and restructures the skin; diminishes the energetic excess that causes the skin to swell and enhances the dynamism of Yin and Yang circulation.

Sweet Almond. Soothing and nourishing for sensitive, dry and irritated skin. Maintains perfect skin elasticity and prevents the formation of stretch marks.

Lemon. Its stimulating, toning and astringent properties have an energizing effect on surface skin and help it regain a uniform radiance.

Meadowsweet. Drains water retention, facilitates the quick elimination of cellulite and stimulates cellular regeneration and detoxification for an effective excess weight reduction. Also reduces tension.

Bio Yang Thalassa

Yang energetic vegetable oil with regenerating and dynamism-enhancing properties for a slimming and soothing effect on the skin. Recommended for massage or hydrotherapy.

BIOSEQUENTIELLE ACTION

Its hyper-regenerating action noticeably diminishes cellulite bumpiness, activates draining and stimulates micro-circulation. Its aromatic synergy revitalizes the skin and enhances the body's dynamism and fitness.

ENERGETIC ACTION

This combination of plant substances provides a great amount of warm, revitalizing Yang energy that is essential for regenerating body tissue. By enhancing the dynamism of peripheral and energetic circulation, vital energy is redistributed throughout the entire body, which quickly regains its fitness.

APPLICATION

Apply daily by massaging the entire body, leaving a delicate thin layer of nourishing and energizing vegetable oil on the skin. For a special and pleasant balance-restoring spa treatment, apply it several times a week by diluting the oil and Bio Sels Mer Morte in bath water (38°). For best results, the bath water should look milky when the oil is diluted. After a 20-minute hydrotherapy, do not rinse so that your skin absorbs the essential oils that will reenergize your body.

BIOSEQUENTIELLE FORMULA

Flower Meadowsweet. Drains water retention, facilitates the quick elimination of cellulite and stimulates cellular regeneration and detoxification for an effective excess weight reduction. Also reduces tension.

Leaf Ivy. Specially active in the regeneration of body tissue; facilitates the elimination of cellulite nodules, stimulates circulation and activates a quick draining of fluid retention.

Bark Cinnamon. Stimulates cellular regeneration and circulatory functions; diminishes imperfections of surface skin micro-circulation and muscular tension; restores toning and revitalizes body tissue.

Root Ginseng. Enhances the dynamism of the energetic system by facilitating the exchange between Yin and Yang energy; combats fatigue, strongly revitalizes the skin and reduces the production of free-radicals.

COMPLEMENTARY INGREDIENTS

Rice Oil. Moisturizes and restructures the skin; diminishes the energetic excess that causes the skin to swell and enhances the dynamism of Yin and Yang circulation.

Sweet Almond. Soothing and nourishing effect on sensitive, dry and irritated skin. Maintains perfect skin elasticity and prevents the formation of stretch marks.

Birch. A diuretic with anti-oedema properties; facilitates the elimination of toxins and enhances cell regeneration. Highly effective in cases of obesity and cellulite.

Fucus Algae. Rich in vegetable proteins and vitamins; stimulates cellular exchanges to facilitate the elimination of excess weight and cellulite; enhances fibre toning and improves the skin's draining and moisturizing.

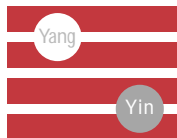

Draine Huile Thalassa

Neutral energetic vegetable oil that facilitates water retention draining, relieves tension and has a soothing effect. Recommended for body massage and hydrotherapy.

BIOSEQUENTIELLE ACTION

Specially active for the reduction of muscular tiredness due to sports activities; equally effective in cases of fluid retention due to a lack of physical activity. The arnica used in its Bioséquentielle formula enhances the dynamism of the other natural extracts for a quick and deep draining of body tissue.

ENERGETIC ACTION

Due to its neutral polarity, it acts as a true energy calibrator. Reprograms all excess Yang energy (excessive heat, redness, etc.) and Yin stases (cramps, tensions, fluid retention, etc.) to restore a perfect balance. The dynamism of osmotic exchanges and draining functions is enhanced and the body regains its lightness.

APPLICATION

Apply daily by massaging the entire body, leaving a delicate thin layer of nourishing and energizing vegetable oil on the skin. For a special and pleasant balance-restoring spa treatment, apply it several times a week by diluting the oil and Bio Sels Mer Morte in bath water (37,5°). For best results, the bath water should look milky when the oil is diluted. After a 20-minute hydrotherapy, do not rinse so that your skin absorbs the essential oils that will reenergize your body.

BIOSEQUENTIELLE FORMULA

Flower Camomile. Quickly relieves tension and stress, diminishes irritations, facilitates draining and reduces oedemas. Restores energetic balance to surface skin imperfections and reinforces the skin's immune system.

Leaf Mint. Reprograms support fibres' toning memory. Its soothing action first eliminates stress and tension and then has a toning and dynamism-enhancing effect on skin fibres.

Bark Vanilla. Being a strong energy-stimulating agent, its purifying effect is highly effective in the treatment of skin micro-imperfections. Its aroma stimulates energetic exchanges.

Root Arnica. By stimulating the nervous and energetic systems, it reduces muscular tension and activates circulation. Its diuretic properties facilitate lymphatic draining and detoxify.

COMPLEMENTARY INGREDIENTS

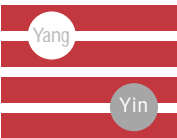

Rice Oil. Moisturizes and restructures the skin; diminishes the energetic excess that causes the skin to swell and enhances the dynamism of Yin and Yang circulation.

Sweet Almond. Soothing and nourishing effect on sensitive, dry and irritated skin. Maintains perfect skin elasticity and prevents the formation of stretch marks.

Bio Sels Mer Morte

Natural Salt Flowers from the Dead Sea, for body massage and hydrotherapy. They are obtained through natural evaporation on the Dead Sea shore and selected for their extraordinary ecological purity and high concentration of oligo-elements.

These salts, which are true source of well-being, relieve tension, have a strong anti-stress effect, drain water retention (heavy legs, swollen feet and ankles) and facilitate the elimination of cellulite and the slimming process.

ENERGETIC ACTION

Thanks to its high concentration of Magnesium salts and their effectiveness in regulating energy, the negative effects of skin stress are diminished, the balance of Ying and Yang energy is restored and the skin regains its dynamism and vitality.

APPLICATION

Bio Sels Mer Morte can be used in a wide range of effective and original thermal treatments.

MASSAGE

According to the effect you wish to obtain, chose one of the three Thalassa oils and mix it with Bio Sels Mer Morte until it turns into a soft, granular preparation; then perform an exfoliating massage over the entire body. Rinse by having a shower or bath for an additional relaxing effect. Your skin will feel smooth and soft.

- For an anti-stress and firming effect:
Bio Sels de la Mer Morte + Bio Yin Thalassa.
- For a dynamism-enhancing and slimming effect:
Bio Sel de la Mer Morte + Bio Yang Thalassa.
- For a draining and relaxing effect:
Bio Sels de la Mer Morte + Draine Huile Thalassa.

HYDROTHERAPY

Dilute Bio Sels de la Mer Morte in bath water (37°/38°) and, depending on the effect you wish to obtain, add one of the three Thalassa oils. For best results, the bath water should look milky when the oil is diluted. After a 20-minute hydrotherapy, do not rinse so that your skin absorbs the essential oils that will reenergize your body.

- For an anti-stress and firming effect:
Bio Sels de la Mer Morte + Bio Yin Thalassa.
- For a dynamism-enhancing and slimming effect:
Bio Sel de la Mer Morte + Bio Yang Thalassa.
- For a draining and relaxing effect:
Bio Sels de la Mer Morte + Draine Huile Thalassa.

A nourished skin will become smooth and velvety, making your body feel relaxed and soft all day long.
