

Bio Energisante Crème

An energy booster for all skin functions.

BIOSEQUENTIELLE ACTION

Its 'Bioséquentielle' formula stimulates and revitalises cellular functions. It moisturises support fibres and reprograms their toning memory, thereby increasing their elasticity. A synergy of 3 photo-protective filters, which are resistant to sunrays and non-allergenic, protect the skin against harmful UVA-UVB rays that generate free-radicals and sensitive skin irritation.

ENERGETIC ACTION

Its neutral energetic polarity reduces excessive energy and compensates for energy deficits. It also activates the three kinds of circulation (energetic, vascular and lymphatic), which quickly and noticeably rejuvenates facial skin, enhancing its radiance, compactness and firmness.

APPLICATION

Apply it in the evening and/or morning on the face, neck and bosom by performing a light Biosel massage. Do not rinse.

RESULTS

Soon after the first applications, an energised skin becomes more radiant, signs of fatigue disappear and harmony is restored to facial lines; a more compact skin noticeably regains a rejuvenated and more beautiful look.

BIOSEQUENTIELLE FORMULA

Flower	Lavender	It reduces irritation and excessive redness, heals surface skin imperfections and restores the toning memory of skin fibres.
Leaf	Water Mint	Its soothing action first eliminates stress; it then tones skin fibres and enhance their dynamism.
Bark	White Willow	Its extraordinary anti-neuralgic and anti-spasmodic properties relax stressed skin and enhance the dynamism of the skin's functions.
Root	Ginseng	It strongly revitalises the skin by reducing the formation of free-radicals while activating the 5 skin functions for stronger protection. An energised skin quickly regains its energy and vitality.

COMPLEMENTARY INGREDIENTS

Flower: Lotus. Its energising, toning and astringent properties provide Yin energy that lifts and firms up the skin while making it more compact.

Camellia Sinensis - Green Tea. Its anti-oxidant action protects the skin against harmful free-radicals, revitalises tissues and slows down the cellular ageing process. It improves cellular regeneration and strengthens the skin's immune system.

Shea Butter. It accelerates the healing of skin blemishes, protects against sunrays and increases the skin's elasticity; it is specially recommended for the elimination of stretch marks.

Jojoba Oil: Being rich in vitamins E and A, it is used to treat eczema, dermatosis and dry skin. It nourishes and regenerates the skin, which prevents the appearance of stretch marks.
